I just got off the phone with Meghan Stapleton. She is sending an addendum about the rural trips that mentions those trips we know occurred that she has been able to confirm. Do you want to see this before I send it on to Megan Holland? Or, as Meghan has suggested, can I send it in a new seperate e-mail to Megan?

Here is my understanding about the press conference tomorrow scheduled for 2:00 at public safety.

It began with the 5:00 channel 2 news cast Jason Moore reported that they had uncovered a memo from the City of Kenai written by the city attorney indicating that when the allegation/complaint came into the department the city removed Chuck from all supervisory duties. They made it quite sinister as you can expect like there is still something that he and the city was hiding.

I called Chuck immediately after the news segment was over and asked if he could walk through this with me. Bottom line is he was already at his attorney's office and on the phone with the City of Kenai attorney's office working on a strategy.

The city did what any responsible employer would do in the situation. Its a human resource response when you have any allegations made about any of your employees as it relates to sexual harassment, you remove immediately the person from the any of supervisory duties (in this situation Chuck directly supervised this woman) until you can substantiate or unsubstantiated the claim. case they could not substantiate the claim and eventually Chuck returned to normal duties.

Chuck is having a press conference tomorrow to end this situation by going public with what he can and set the record straight. He will have the city Mayor by his side and she will attest to the situation in favor of Chuck. Privi

And the kenai mayor will be standing with him? If there are any details I need to hear them- like when this will take place, what prompted this new action, etc.

He does need to take all action, solidly, to dispel any untruths out there, asap. I've had very good Alaskans say that this is NOT a good situation he's in.

Subject: RE: Statement

Most of the statement is in the there toward the bottom - I had switched the order of paragraphs to emphasize what was most important and that is the number of times that you've met with Walt. The main thing missing is a summary of your four trips seated together to rural Alaska and your days together in Bethel, New Stu (twice), and Dillingham. Also, we reworked the last statement re: AGIA.

Below is what you approved Governor - for use tomorrow by anyone who needs to reiterate your points.

Thanks,
Meg

First, regarding the number of meetings I've had with Walt over the last year and a half, in addition to several face-to-face meetings, Walt and I spent much more time together discussing the future and direction of public safety, and my desire for immediate action. Remember that Walt and I had many opportunities, dozens of discussions at events throughout the state, including four trips to rural Alaska seated together on the plane. During those trips to Bethel, New Stu (twice), and Dillingham, we also spent our days together. That's in addition to every cabinet meeting, every reception, other trips, and phone calls that I've personally had with Walt. To suggest that he had four face-to-face meetings with me in 17 months to discuss public safety is untruthful. Also notable, are the meetings and conversations that my staff had with Walt, on my behalf, including meetings and conversations with fellow Commissioners, the Chief-of-Staff, Deputy Chief-of-Staff, Attorney General, Special Assistants, etc. There is not one instance where Walt was turned down for a meeting, a phone call, or any type of conversation.

Mr. Monegan has asked if I was aware that he had several various plans in the works related to staffing and recruitment and retention. I would assume those plans are the same ones we discussed in those events and meetings, during Cabinet meetings, and on the plane, among other places. Those plans mirrored my thoughts and ideas to get more troopers and tackle the alcohol problem. That's why the ideas remain behind Kopp - only I expect immediate action in this new direction, not just another reminder of our plans. Regarding the draft 2007 annual report. My staff has advised that a copy of a lengthy draft report was provided by him for review by the special assistant and Chief-of-Staff. Again, though, I'm ready for results. And so are the people of this state.

AGIA has been appropriately time consuming. AGIA is our future; the gasline is the financial security for the future of our state. The revenue from the gasline will pay for our essentials, including public safety. However, the time spent on AGIA over the last year and a half has not been to the detriment of ANY department or its missions... and all the more reason to have high expectations that I have self-starters and results-oriented cabinet members.

Per Rosanne and Sharon, this statement went out awhile ago to Megan Holland at the ADN.

Former Commissioner Monegan has asked several questions of me through reporter Megan Holland. My response to those questions follows:

Mr. Monegan has asked if I was aware he had several various plans in the works related to staffing and recruitment and retention. Like the legislature, I was focused and aware of a lack of results in recruiting and retention. Action and results, not words are the bottom line. For nearly two years there were very high numbers of vacancies in the troopers with nearly 1 in 7 positions being unfilled. There were 56 vacancies as of June 30, 2008. I was also aware that regardless of any plans of Mr. Monegan's, no new positions would be approved by the legislature until vacancies were filled, which made it even more important to get the job done.

Mr. Monegan has asked if I was aware of a draft 2007 annual report. I was aware of the draft and in fact, had several questions about it that Mr. Monegan never answered. My special assistant and Chief-of-Staff were also reviewing the draft. The fact that Mr. Monegan prepared a detailed draft written report of the troopers' activities in 2007 does not change the bottom line or lack of results under Mr. Monegan.

Mr. Monegan has suggested that I did not meet with him. This is wrong. In addition to several face-to-face meetings, Walt and I spent much more time together discussing the future and direction of public safety, and my desire for immediate action. Remember that Walt and I had many opportunities, dozens of discussions at events throughout the state, including one-on-one time together on the state's plane traveling to the bush. That's in addition to every cabinet meeting, every reception, other trips, and phone calls that I personally had with Walt. To suggest that he had four opportunities with me in 17 months to discuss public safety is untruthful. Also notable, are the meetings and conversations that my staff had with Walt on my behalf, including meetings and conversations with fellow Commissioners, the Chief-of-Staff, Deputy Chief-of-Staff, Attorney General, Special Assistants, etc. There is not one instance where Walt was turned down for a meeting, a phone call, or any type of conversation.

While I have been busy with AGIA, I pay attention and take care of the state's business on all other fronts as well, and will continue to do so.

Megan,

Thanks for taking the Governor's call and for reading these emails. I know that reporters on certain beats can amend stories late into the night in some cases. And while I know that it's very late and not an ideal situation, any opportunity that you can provide for the Governor's facts to come out, that would be great. As you know, situations like the trips are documented by the state and cannot be denied.

With that in mind, the Governor wanted me to make sure that she also added a comment about her trips to rural communities with Walt. And so she asked that I pass along to you as well, following your phone conversation with her.

Regarding trips:

"Walt and I had many discussions regarding public safety, including during separate trips to rural Alaska seated together on the plane. More specifically, we also spent our days together during our two visits to New Stu in January and June of 2007 and during our trip to Bethel in January of 2008. And that's in addition to other meetings that I mentioned such as face-to-face meetings, cabinet meetings, receptions throughout the state, and phone calls, among other things."

And one more thought regarding AGIA:

"AGIA has been appropriately time consuming. AGIA is our future; the gasoline is the financial security for the future of our state. The revenue from the gasoline will help pay for our essentials, including public safety. However, the time spent on AGIA over the last year and a half has not been to the detriment of ANY department or its missions... and all the more reason to have high expectations that I have self-starters and results-oriented cabinet members."

Thanks, Megan.

Here is my understanding about the press conference tomorrow scheduled for 2:00 at public safety.

It began with the 5:00 channel 2 news cast Jason Moore reported that they had uncovered a memo from the City of Kenai written by the city attorney indicating that when the allegation/complaint came into the department the city removed Chuck from all supervisory duties. They made it quite sinister as you can expect like there is still something that he and the city was hiding.

I called Chuck immediately after the news segment was over and asked if he could walk through this with me. Bottom line is he was already at his attorney's office and on the phone with the City of Kenai attorney's office working on a strategy.

The city did what any responsible employer would do in the situation. Its a human resource response when you have any allegations made about any of your employees as it relates to sexual harassment, you remove immediately the person from the any of supervisory duties (in this situation Chuck directly supervised this woman) until you can substantiate or unsubstantiated the claim. In this case they could not substantiate the claim and eventually Chuck returned to normal duties.

Chuck is having a press conference tomorrow to end this situation by going public with what he can and set the record straight. He will have the city Mayor by his side and she will attest to the situation in favor of Chuck. Privile

My understanding, just based on short convo with Kris, is that Kopp got an attorney and is going to hold a press conf to defend himself and explain the allegations from a kenai woman? And the kenai mayor will be standing with him? If there are any details I need to hear them- like when this will take place, what prompted this new action, etc.

He does need to take all action, solidly, to dispel any untruths out there, asap. I've had very good Alaskans say that this is NOT a good situation he's in.

Just listened to Ramras on Fagan. He said Baily and Frye are fine enough people but he's not worried about what is found on them in the emails. What he's worried about is fine individuals like John Bitney and Mike Tibbles. Also, Todd Palin has been doing more than literacy campaigns and breast cancer awareness and that's clear. Ramras says he saw you going from office to office durin ACES. He's also watching with amusement Sean's chameleon act, and said he should have been running his own campaign all along. Dan played the clips of Sean's ads. One with Sarah's name in it, and the other without it. Frank, did Sean really do this??

Governor.

Both Co-Chairs of the C & RA committee, Rep. LeDoux and Rep. Fairclough and some members of House leadership, Rep. Olson, Rep. Chenault? want to amend the resource rebate bill as follows:

1. Add the \$1,200 per person resource rebate payment as a separate line item on the PFD checks and check stubs / 1099's (for people that get direct deposit)

9/18/2009

2. Not have any supplemental application process for persons that did not qualify for a 2008 PFD. (This removes an estimated 40,000 persons that our supplemental process in our bill are estimated to pick up). This would save $40,000 \times \$1,200$ in payments (over \$40 million) and the \$500,000 cost of Revenue to running the new resource rebate program. These are persons in Alaska who don't qualify for a PFD because they have not been here long enough, etc).
3. So that we do not miss veterans who receive VA benefits that are reduced by PFD payments so they do not even apply for the PFD and would otherwise be left out in the cold by limiting the \$1,200 to persons getting PFD's, they would create a new alternative payment program for just those veterans. The cost for picking up the veterans alone is probably under \$7 million.

In my opinion, we cannot get the bill out of the committee without these amendments but will defer to Kelly on her measure of the committee.

Randy

The Coming Assault on Small Businesses

By Tom Donohue, President and CEO

You can't say today's union leaders don't appreciate irony. Last week, one of the nation's largest unions held a global rally protesting our system of free enterprise and capital investment. The union called it the "Take Back Our Economy" rally. Well, if it manages to push through its radical agenda, what it will do is "Take Down Our Economy."

In fact, the agenda of a handful of national unions represents a direct assault on America's small businesses. Their top priority is passage of the deceptively name Employee Free Choice Act, commonly referred to as "card check." The bill would make it cost effective for unions to go after Main Street businesses and small retail establishments.

These are persons in Alaska who don't qualify for a PFD because they have not been here long enough, etc).
3. So that we do not miss veterans who receive VA benefits that are reduced by PFD payments so they do not even apply for the PFD and would otherwise be left out in the cold by limiting the \$1,200 to persons getting PFD's, they would create a new alternative payment program for just those veterans. The cost for picking up the veterans alone is probably under \$7 million.

In my opinion, we cannot get the bill out of the committee without these amendments but will defer to Kelly on her measure of the committee.

I reside at 9104 Erica Dr on Nancy Lake. It is a three mile drive from the Parks Highway. The road is rutted mud most of the way. Most of the roads around the Willow area are quite decent. I hate to be a whiner but please do not veto a road improvement for us next year. Our road would be a challenge for any fire truck or ambulance. If it keeps raining, it will be a challenge for me. I am a member of the Nancy Lake Homeowners Association. Many of us depend on this road. The surface of the road is dirt. There is no other access.

Subject: HB 4002 - Resource Rebate
Governor:

Both Co-Chairs of the C & RA committee, Rep. LeDoux and Rep. Fairclough and some members of House leadership, Rep. Olson, Rep. Chenault? want to amend the resource rebate bill as follows:

1. Add the \$1,200 per person resource rebate payment as a separate line item on the PFD checks and check stubs / 1099's (for people that get direct deposit)
2. Not have any supplemental application process for persons that did not qualify for a 2008 PFD. (This removes an estimated 40,000 persons that our supplemental process in our bill are estimated to pick up). This would save 40,000 x \$1,200 in payments (over \$40 million) and the \$500,000 cost of Revenue to running the new resource rebate program. These are persons in Alaska who don't qualify for a PFD because they have not been here long enough, etc).

OIL SPILLS: Senators to discuss Exxon court ruling (07/22/2008)

Josh Voorhees, E&E Daily reporter

A Senate panel will examine at a hearing tomorrow how the Supreme Court's decision to sharply cut a \$2.5 billion judgment against Exxon Mobil Corp. for the 1989 Exxon Valdez oil spill has helped to shield the large corporation from being held financially accountable for misconduct.

Last month in Exxon Shipping Co. v. Baker, the court ruled the punitive damages excessive and cut them to \$507.7 million, arguing a rough one-to-one ration of punitive to compensatory damages was appropriate in maritime cases.

The 9th U.S. Circuit Court of Appeals had already halved a \$5 billion jury verdict awarded in 1994.

The Supreme Court's ruling, however, did not go entirely the oil giant's way. Justices rejected multiple arguments from Exxon, including the company's claim that the Clean Water Act penalties pre-empt punitive damages in such maritime cases (Greenwire, June 25).

Still, the severe decrease to the judgment was a blow to the class-action suit's 33,000 plaintiffs, which included commercial fishers and native Alaskans who had pushed for a far greater penalty for the 11-million-gallon oil spill that devastated coastal fisheries and

ecosystems in the Prince William Sound.

Osa Schultz, a fisherman and small business owner in Alaska's Prince William Sound, will represent the plaintiffs before the Senate Judiciary Committee tomorrow.

"The recent decision by the United States Supreme Court trumps the rights of the individual for the benefit of bottom line corporate interests," said Schultz in a statement released yesterday by the Whole Truth Campaign, an Alaskan advocacy organization.

The committee will also hear from Harvard law professor Elizabeth Bartholet and Patricia Ann Milliet, co-head of Washington-D.C.-based law firm Akin, Gump, Strauss, Hauer and Feld's Supreme Court practice. Milliet has argued a total of 26 cases in front of the court.

Schedule: The hearing is tomorrow at 10 a.m. in 226 Dirksen.

Witnesses: Osa Schultz, fisherman and business owner in Prince William Sound, Alaska; Elizabeth Bartholet, Morris Wasserstein professor at Harvard Law School; and Patricia Ann Millet, partner in Akin, Gump, Strauss, Hauer and Feld LLP.

Senior reporter Ben Geman contributed to this report.

Here is my understanding about the press conference tomorrow scheduled for 2:00 at public safety.

It began with the 5:00 channel 2 news cast Jason Moore reported that they had uncovered a memo from the City of Kenai written by the city attorney indicating that when the allegation/complaint came into the department the city removed Chuck from all supervisory duties. They made it quite sinister as you can expect like there is still something that he and the city was hiding.

I called Chuck immediately after the news segment was over and asked if he could walk through this with me. Bottom line is he was already at his attorney's office and on the phone with the City of Kenai attorney's office working on a strategy.

The city did what any responsible employer would do in the situation. Its a human resource response when you have any allegations made about any of your employees as it relates to sexual harassment, you remove immediately the person from the any of supervisory duties (in this situation Chuck directly supervised this woman) until you can substantiate or unsubstantiated the claim. In this case they could not substantiate the claim and eventually Chuck returned to normal duties.

Chuck is having a press conference tomorrow to end this situation by going public with what he can and set the record straight. He will have the city Mayor by his side and she will attest to the situation in favor of Chuck. Privileged or Personal Material Redacted
Privileged or Personal Material Redacted

That is what is going on. They were working on the statement for tomorrow and he will call me in the morning with some more follow up.

My understanding, just based on short convo with Kris, is that Kopp got an attorney and is going to hold a press conf to defend himself and explain the allegations from a kenai woman? And the kenai mayor will be standing with him? If there are any details I need to hear them~ like when this will take place, what prompted this new action, etc.

He does need to take all action, solidly, to dispel any untruths out there, asap. I've had very good Alaskans say that this is NOT a good situation he's in.

I hope you reminded them of every cabinet meeting, every reception, every trip, phone call and face-to-face that I had with Walt. There will be many, many instances to cite.

Again, Walt will be proven to be less than truthful with this latest claim.

Also notable is all the mtgs/conversations he had with COS, Dep COS, Special Assistants, etc. And the fact he was NEVER refused any request to meet with any of us. He met with other staffers and fellow commissioners and AG, also, in

Hopefully all that's noted before she files her story.

And pls pass on the Bill McA. What's his email addy?

Here is my understanding about the press conference tomorrow scheduled for 2:00 at public safety.

It began with the 5:00 channel 2 news cast Jason Moore reported that they had uncovered a memo from the City of Kenai written by the city attorney indicating that when the allegation/complaint came into the department the city removed Chuck from all supervisory duties. They made it quite sinister as you can expect like there is still something that he and the city was hiding.

I called Chuck immediately after the news segment was over and asked if he could walk through this with me. Bottom line is he was already at his attorney's office and on the phone with the City of Kenai attorney's office working on a strategy.

The city did what any responsible employer would do in the situation. Its a human resource response when you have any allegations made about any of your employees as it relates to sexual harassment, you remove immediately the person from the any of supervisory duties (in this situation Chuck directly supervised this woman) until you can substantiate or unsubstantiated the claim. In this case they could not substantiate the claim and eventually Chuck returned to normal duties.

Chuck is having a press conference tomorrow to end this situation by going public with what he can and set the record straight. He will have the city Mayor by his side and she will attest to the situation in favor of Chuck. Privileged or Personal Material Redacted

Megan,

Thanks for taking the Governor's call and for reading these emails. I know that reporters on certain beats can amend stories late into the night in some cases. And while I know that it's very late and not an ideal situation, any opportunity that you can provide for the Governor's facts to come out, that would be great. As you know, situations like the trips are documented by the state and cannot be denied.

With that in mind, the Governor wanted me to make sure that she also added a comment about her trips to rural communities with Walt. And so she asked that I pass along to you as well, following your phone conversation with her.

Regarding trips:

Walt and I had many discussions regarding public safety, including during separate trips to rural Alaska seated together on the plane. More specifically, we also spent our days together during our two visits to New Stu in January and June of 2007 and during our trip to Bethel in January of

9/18/2009

2008. And that's in addition to other meetings that I mentioned such as face-to-face meetings, cabinet meetings, receptions throughout the state, and phone calls, among other things."

And one more thought regarding AGIA:

"AGIA has been appropriately time consuming. AGIA is our future; the gasoline is the financial security for the future of our state. The revenue from the gasoline will help pay for our essentials, including public safety. However, the time spent on AGIA over the last year and a half has not been to the detriment of ANY department or its missions... and all the more reason to have high expectations that I have self-starters and results-oriented cabinet members."

Thanks, Megan.

Here is my understanding about the press conference tomorrow scheduled for 2:00 at public safety.

It began with the 5:00 channel 2 news cast Jason Moore reported that they had uncovered a memo from the City of Kenai written by the city attorney indicating that when the allegation/complaint came into the department the city removed Chuck from all supervisory duties. They made it quite sinister as you can expect like there is still something that he and the city was hiding.

I called Chuck immediately after the news segment was over and asked if he could walk through this with me. Bottom line is he was already at his attorney's office and on the phone with the City of Kenai attorney's office working on a strategy.

The city did what any responsible employer would do in the situation. Its a human resource response when you have any allegations made about any of your employees as it relates to sexual harassment, you remove immediately the person from the any of supervisory duties (in this situation Chuck directly supervised this woman) until you can substantiate or unsubstantiated the claim. In this case they could not substantiate the claim and eventually Chuck returned to normal duties.

9/18/2009

Chuck is having a press conference tomorrow to end this situation by going public with what he can and set the record straight. He will have the city Mayor by his side and she will attest to the situation in favor of Chuck. [Privileged or Personal Material Redacted]

[Privileged or Personal Material Redacted]

That is what is going on. They were working on the statement for tomorrow and he will call me in the morning with some more follow up.

My understanding, just based on short convo with Kris, is that Kopp got an attorney and is going to hold a press conf to defend himself and explain the allegations from a kenai woman? And the kenai mayor will be standing with him? If there are any details I need to hear them- like when this will take place, what prompted this new action, etc.

He does need to take all action, solidly, to dispel any untruths out there, asap. I've had very good Alaskans say that this is NOT a good situation he's in.

Someone recommended to me that we study the alaskan model of revenue distribution back to the citizens and get bills introduced in the state legislature in california florida and elsewhere that if they do go to offshore drilling they should split the revenue stream with a specified amount (maybe half) going to the citizens as a direct benefit
How much does each alaskan get?
What share of the oil revenue goes to state government and what share would go to the citizens?
Do you have an expert who could explain all this to me?

Would you be interested in writing or talking about this?
Thanks

Someone recommended to me that we study the alaskan model of revenue distribution back to the citizens and get bills introduced in the state legislature in california florida and elsewhere that if they do go to offshore drilling they should split the revenue stream with a specified amount (maybe half) going to the citizens as a direct benefit

How much does each alaskan get?

What share of the oil revenue goes to state government and what share would go to the citizens?

Do you have an expert who could explain all this to me?

Would you be interested in writing or talking about this?

Thanks

Newt

Russ and I met this morning with the staff of NGA's Natural Resources Committee to discuss your tenure as Chairperson. Part of the discussion focused on procedural and tactical ways to make the Committee a more efficient instrument of public policy development and advocacy, but I won't bore you with this.

One question for your consideration - what one or two themes or policy initiatives would you like to pursue during your tenure as Chair? The same question is being posed to the Vice Chair, and we will need eventually to come to an agreement with him.

Picking up on Governor Rendell's general theme of infrastructure, I suggested infrastructure related to the development and transportation of energy resources. I thought that this could bring in the gas pipeline plus various national issues which could have Alaska implications. The staff suggested that we might want to add water infrastructure, which also fits within the purview of the Natural Resources Committee.

Before proceeding further, I wonder whether you have any suggestions about themes to pursue during your tenure. I have copied Mike, Kris, and Steve to solicit their views as well.

Subject: HB 4002 - Resource Rebate
Governor:

Both Co-Chairs of the C & RA committee, Rep. LeDoux and Rep. Fairclough and some members of House leadership, Rep. Olson, Rep. Chenault? want to amend the resource rebate bill as follows:

1. Add the \$1,200 per person resource rebate payment as a separate line item on the PFD checks and check stubs / 1099's (for people that get direct deposit)
2. Not have any supplemental application process for persons that did not qualify for a 2008 PFD. (This removes an estimated 40,000 persons that our supplemental process in our bill are estimated to pick up). This would save 40,000 x \$1,200 in payments (over \$40 million) and the \$500,000 cost of Revenue to running the new resource rebate program. These are persons in Alaska who don't qualify for a PFD because they have not been here long enough, etc).
3. So that we do not miss veterans who receive VA benefits that are reduced by PFD payments so they do not even apply for the PFD and would otherwise be left out in the cold by limiting the \$1,200 to persons getting PFD's, they would create a new alternative payment program for just those veterans. The cost for picking up the veterans alone is probably under \$7 million.

In my opinion, we cannot get the bill out of the committee without these amendments but will defer to Kelly on her measure of the committee.

Ms Faircloth and chairpersons,,,, I have been reflecting on last weeks testimony,,to the issue at hand.... Well, i am not sure you can addresss the issue without having to hear the pain... my cup runneth over.... out of the pain testimony may come our answer, or should i say your answer... I already have mine and i am simply listening to see if i am wrong or left out something....

You guys in Juneau, no major state wide people owned CNN type channel for us to hold participate...just stupid if not lazy

However: this does not address the problem because it does not define the problem!!

We all know what the problem is

Our leadership and our inability to hold them accountable for their actions.....which are a result of our dead asses not geting up and geting involved to make a better and more free community.....OR, even passing mandatory 10 to 15 year prison terms for public officials who betray us..

Nearly all of us have forgotten that the Energy belongs to us – Not some child like, fantasy, farcical,

imaginary and fictitious Corporate god like provoker like Rick Ridel, Dan Fagen or Dick Cheney would and do pound into you everyday....

Those who would scream or whisper, free loader, socialist, communist, want something for nothing, lazy, gimme-gimnee, free market haters, corporation haters,

are some of the most dark minded, intelligence lacking, insect like understandings, little minds i have met... They have never really been a father, owned a business, felt a calling to serve a greater good, or tried to ponder a larger picture of life....

I feel sorry for them unless they hold a means of public information or public office or other public interests impact... then i ususly get upset...

NUMBERS show me the Numbers in your mind.... what and where is your thinking.??

1 billion = 1,000,000,000.00

1MW of electricity will do 1,000 housing units —

1 (large) MW of electricity costs around , say 3 million dollars,,,, soo divide 3 mill into

1,000 million and we get

333 MW of Electricity which can provide 333 X 1,000 housing units annual electricity

which IS IS IS

333,000 housing units could have a reasonable amooount of annual electricity nearly for free for 25 to 50 years out...

Now, how many housing units are there in Alaska ?

(Have you studied(the # of housing units in the 2,000 census? @ 260,460)

So why would we give away 1billion dollars for no resolve? But even worse you are depriving 333,000 dwellings of nearly free electricity for 25 to 30 years ??

THE INSANITY OF IT IS JUST STAGGERING !!!! IT CLEARLY IS A LEADERSHIP PROBLEM...

9/18/2009

ANY LEADERSHIP REQUIRED PROBLEM WHICH REFLECTS SUCH THINKING MAKES ITS OWN
CASE FOR A PEOPLE IN LEADERSHIP ROLES WHICH CANT THINK...

OR ARE AFRAID TO THINK...

OR ARE DELUSIONAL

OR ARE SECLUDED FROM THE GENERAL COMMUNITY OR PUBLIC WHICH IS WHERE OUR
SOURCE OF ALL THINKING IS WEIGHED AND TESTED...

SO BY OUR LEADERSHIP CLOSING ITSELF OFF FROM THE PUBLIC CLOSENESS THEY HAVE
BROUGHT ON THESE PROBLEMS TO US

I'm still here, but we might need a few more decades at the rate Congress is going. Unfortunately, I don't have an heir who seems interested in public policy.

P.S.

Senator Stevens would say that he has been working on ANWR every since 1960, when, as Solicitor of the Interior Department, he helped draft the order which established the Arctic National Wildlife Range. Hopefully, the voters will give the Senator a few more years to complete the mission.

Governor,

Hello! I have attached your remarks and event info for tomorrow morning's 9:15 award ceremony at the Frontier Building. Also included is a parking map, in case you drive straight to the event, rather than riding with Bob from the Atwood Building. Our internet is down right now, but I'll send you a map to the location once it's up and running again. I'll be at the award ceremony to take pictures, and so I'll be sure to have your briefing packet and remarks on notecards ready and waiting for you. I've also included your remarks in the body of this email for ease of viewing. Please feel free to contact me with any questions or concerns you may have.

Thank you, and have a great flight!

Presidential Challenge Fitness Award Remarks
Thursday, July 24 / 9:15 a.m. / Ste. 880, Frontier Building

Thank you, Secretary Leavitt, & welcome! I am happy to accept this award on behalf of the State of AK. I want to welcome also Region 10 HHS Director James Whitfield, & extend my heartfelt thanks to Comm. Hogan & Ann Potempa with the Dpt. of Health & Social Services – thanks so much for your hard work promoting this worthy program in our great state! Dr. Butler, thank you for being here, for working to promote healthy lifestyles in AK, & for practicing what you preach! I am SO proud of AKns for stepping up in such a big way during this Nat'l fitness challenge. The Challenge kicked off on March 20, & we got off to a running start with **more than**

9/18/2009

2,800 AKns signing up & adding at least 30 minutes of running, biking, walking & dozens of other activities to their day.

And we received strong support from inside the state system, too. The Dpt of Health & Social Services challenged our other depts to participate, resulting in hundreds of our state employees engaging in a *little healthy competition* (no pun intended)☺ – & with life-changing results.

We are privileged to live in such a beautiful state, & AK offers endless opportunities to be active, both indoors & out. Our people being our **most precious commodity**, it is important that AKns not only live LONG in the land, but that they live WELL in the land. Starting out adding just that little bit of activity to each day – just 30 min. – is so important to our overall physical, mental & emotional health & wellness. And when combined with a balanced diet, this can help lower the risk of obesity, heart disease, diabetes, cancer, & numerous other health problems.

AK's 1st-place finish shows that we are definitely moving in the right direction – in a **healthier direction** – & that's GREAT news for the future of AK! My thanks again to Sec. Leavitt for the presentation of this award; please give the President our best & thank him for promoting healthy lifestyles in America; & again, **congratulations** to all the AKns who participated in the program! Your longevity & healthy lifestyle truly is the best reward. Thank you!

-Comm. Hogan invites Sec. Leavitt to podium

Thanks so much,

July 23, 2008

Dear Governor Palin,

On August 16, 2008, the Belle Fourche Chamber of Commerce and the City of Belle Fourche will be celebrating the one year anniversary of the new "Geographic Center of the Nation" monument for the State of South Dakota. We will do this by ceremoniously raising all 50 state flags on the site. A designated representative from each state will be invited to attend and raise their state flag.

Belle Fourche would like to extend an invitation to you and your family to help us celebrate our accomplishment in constructing this monument; a monument that exemplifies South Dakota's pride to be the "center of the nation." It is our wish for you to attend, sharing this momentous day with invited dignitaries and guests from across the United States. This dedication is also notable as producers for Good Morning America will be in Belle Fourche filming the event and later broadcasting it for millions of viewers to see.

We believe as visitors travel to South Dakota to see Mount Rushmore and Crazy Horse, they will travel north to be at the center of this great nation and to Belle Fourche; a South Dakota community that prides itself for it's wholesome growth and positive quality of life.

Please RSVP if you plan to attend and additional information will be sent to your office. A special Governor's luncheon is being planned for noon that same day to kick-off our celebration.

Sincerely,

Teresa Schanzenbach, Executive Director

Hello Governor Palin,

I wanted to tell you that it was real nice to see you up in Barrow, AK.

Since I was up there for there attending the Alaska Brain Injury Network board meeting at the same time.

The next Board meeting is going to be the 14th and 15th of October and this meeting is going to be in the office in Anchorage and that is at the Mental Health Trust building.

So I would really like if you and any other staff could come to the meeting on one of those days, and meet all of the Alaska Brain Injury Network board members that are from all around the state of Alaska.

I was appointed to the Ambassador Program by the Brain Injury Association of America back in 1996.

But since then the Program has been cut back to State levels.

All of the State Legislators know me and like to see me, when I give them some new information about Traumatic Brain Injury.

Governor Knowles, and Governor Murkowski liked what I have been doing in the state.

Would like to make contact with you and talk about Brain Injury in Alaska.

Alaska has the highest rate in the Nation!

And a Brain Injury happens every 21 seconds and there is more Veterans coming back from the war with a Brain Injury.

I would really like it if you would appoint me Ambassador for the State of Alaska.

And I'm not looking for a paid job, just having the title Ambassador for the state of Alaska.

That would be more impact to the different communities where the Alaska Brain Injury Network is going to be having the Ambassador for the State of Alaska be at the meetings also.

So that more people would be looking into this type of Injury.

Like I have been doing over the years getting the City of Kenai passing the Helmet law and Kenai, Soldotna and the Peninsula Borough Assembly likes to get information from me also.

will talk to you later,

Sincerely,

Richard Warrington

Someone recommended to me that we study the alaskan model of revenue distribution back to

the citizens and get bills introduced in the state legislature in california florida and elsewhere that if they do go to offshore drilling they should split the revenue stream with a specified amount (maybe half) going to the citizens as a direct benefit

How much does each alaskan get?

What share of the oil revenue goes to state government and what share would go to the citizens?

Do you have an expert who could explain all this to me?

Would you be interested in writing or talking about this?

Thanks

Newt

Importance: High

Governor,

Hello! I have attached your remarks and event info for tomorrow morning's 9:15 award ceremony at the Frontier Building. Also included is a parking map, in case you drive straight to the event, rather than riding with Bob from the Atwood Building. Our internet is down right now, but I'll send you a map to the location once it's up and running again. I'll be at the award ceremony to take pictures, and so I'll be sure to have your briefing packet and remarks on notecards ready and waiting for you. I've also included your remarks in the body of this email for ease of viewing. Please feel free to contact me with any questions or concerns you may have.

Thank you, and have a great flight!

**Presidential Challenge Fitness Award Remarks
 Thursday, July 24 / 9:15 a.m. / Ste. 880, Frontier Building**

Thank you, Secretary Leavitt, & welcome! I am happy to accept this award on behalf of the State of AK. I want to welcome also Region 10 HHS Director James Whitfield, & extend my heartfelt thanks to Comm. Hogan & Ann Potempa with the Dpt. of Health & Social Services – thanks so much for your hard work promoting this worthy program in our great state! Dr. Butler, thank you for being here, for working to promote healthy lifestyles in AK, & for practicing what you preach! I am SO proud of AKns for stepping up in such a big way during this Nat'l fitness challenge. The Challenge kicked off on March 20, & we got off to a running start with **more than 2,800 AKns** signing up & adding at least 30 minutes of running, biking, walking & dozens of other activities to their day.

And we received strong support from inside the state system, too. The Dpt of Health & Social Services challenged our other depts to participate, resulting in hundreds of our state employees engaging in *a little healthy competition* (no pun intended)© – & with life-changing results.

We are privileged to live in such a beautiful state, & AK offers endless opportunities to be

active, both indoors & out. Our people being our **most precious commodity**, it is important that AKns not only live LONG in the land, but that they live WELL in the land. Starting out adding just that little bit of activity to each day – just 30 min. – is so important to our overall physical, mental & emotional health & wellness. And when combined with a balanced diet, this can help lower the risk of obesity, heart disease, diabetes, cancer, & numerous other health problems.

AK's 1st-place finish shows that we are definitely moving in the right direction – in a **healthier direction** – & that's GREAT news for the future of AK! My thanks again to Sec. Leavitt for the presentation of this award; please give the President our best & thank him for promoting healthy lifestyles in America; & again, **congratulations** to all the AKns who participated in the program! Your longevity & healthy lifestyle truly is the best reward. Thank you!

-Comm. Hogan invites Sec. Leavitt to podium

Unfortunately, it's almost precisely the same debate that has been occurring for 30 years or more. To watch it now, you'd never know that almost the same arguments have been made for all that time. I wish I could say that the current debate would lead somewhere, but I doubt it despite the increasing decibel level from real people outside of the Capitol beltway.
